(“Bathurst” or the “Company”) is pleased to announce the terms of a non-brokered private placement (the “Flow-Through Offering”) whereby the Company plans to raise approximately CDN \$200,000.00 through the issuance of 1,600,000 units with a subscription price of CDN \$0.125 per unit (“Unit”). Each Unit consists of one flow-through common share (“Share”) and one Share purchase warrant to purchase one additional non flow-through Share (“Warrant Share”) exercisable at a price of CDN \$0.25 per Warrant Share for a period of two years from the date of issue of the Units.

The Flow-Through Offering is expected to close on or before December 31, 2022.

The Company will renounce such Canadian Exploration Expenses with an effective date of no later than December 31, 2022.

The proceeds from the Flow-Through Shares issued under the Flow-Through Offering will be used in part to fund the Company’s 2023 exploration and evaluation program on the Peerless Project.

Each Unit will be comprised of one Share and one non-transferable Share purchase warrant, with each whole warrant entitling the holder to purchase one additional Share at a price of CDN \$0.20 for one year. The net proceeds will be used to pay agent’s commissions and administrative expenses. The Non Flow-Through Offering is expected to close no later than December 31, 2022.

Both private placements are subject to the approval of the TSX Venture Exchange. All Shares issued will be subject to a four month and one day hold period which will expire on the date that is four months and one day from the date of issue.
